

THE WORLD WONDER OIL AND GAS COMPANY OF KANSAS CITY, MO.

ABOUT THREE WEEKS AGO PURCHASED A FOUR ACRE LEASE RIGHT IN THE HEART OF THE GREAT BURKBURNETT TEXAS OIL FIELDS AT A COST OF \$15,000.00.

We could sell our lease to-day for \$31,000 if we cared to do so. Read any Daily Paper for prices of Burkburnett lease.

Our lease is on the Stephen survey, which is adjoining the Hoffman survey. The holdings of the Marine Oil Company were sold only a few days ago for \$3,500,000, which was a part of the Hoffman survey; and every dollar invested in the Marine Oil Company is now worth \$17.50. Our driller, Mr. C. M. Flickinger, who drilled three wells for us last Spring, in the State of Kansas, is now on the ground in Burkburnett with his drilling machine and will begin drilling our well just as soon as arrangements can be completed.

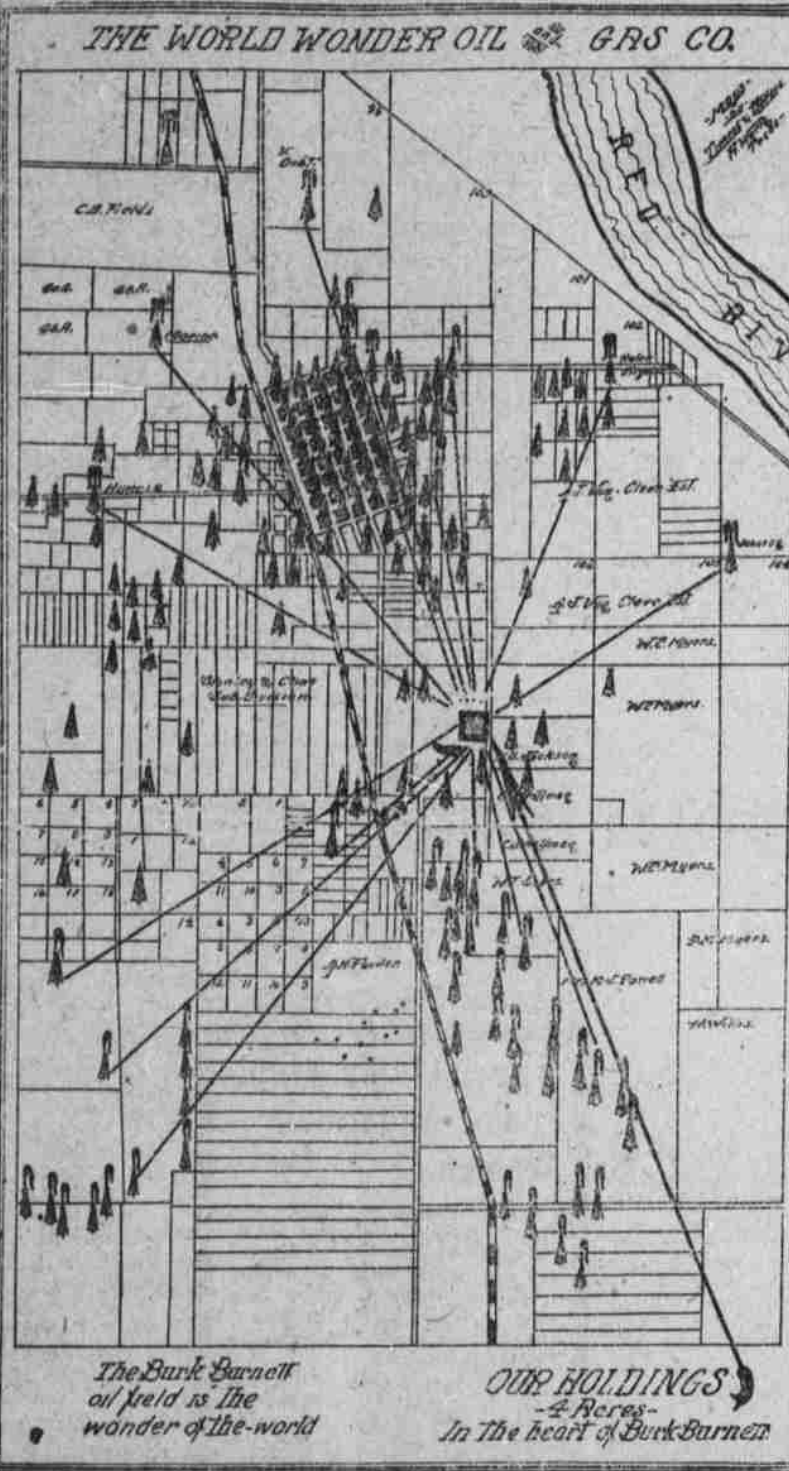

Our Special Offer To Texas People.

We are selling to the public 50,000 Shares of our Stock at \$1.00 per share par value, and we have allotted 20,000 of these Shares to Texas people, as we want the Texas people to help share in the large profits that are to be derived from our production. Our President, Mr. J. J. Allen, is now in Texas and has been there for about two weeks, and he has already sold over one-half of the Stock allotted to Texas as quite a few of our leading men, such as Bill McDonald, Rev. A. L. Boone, Rev. E. M. Griggs, Dr. Hurd, Drs. Morgan and Busch, Prof. B. F. Darrell, Prof. Porter, Madam Wiggins have bought in large quantities and others are buying daily.

Our President is now in Dallas, and has planned to tour the state of Texas; but we do not know how far he will get before the Stock will all be sold, and we would advise that you cut out the application blank below and mail to us at once for the amount of stock you want, or write the office at once that you would like to see our president personally, and we will notify him to call upon you.

Follow The Crowd.

The white race has succeeded; and if we are to succeed, we must follow in his footsteps. If you don't believe that white people are investing their money in oil, go into Fort Worth, Wichita Falls, or Dallas, Texas. It is just like going to a circus that is only to be in town one day. I'll bet there is over one hundred thousand visitors in those cities daily, who are investing in oil. Again, if you don't believe what I say, just read any of the Texas' Daily papers; and if you want to see the greatest sight of your life, go to the City of Burkburnett, and take a view at the oil fields and listen to the hum of the gas engines and drilling machines pounding their way into mother earth to reach the black liquid gold that flows out of mother earth anywhere from two to four thousand dollars per day from one well. Just think of it. Isn't it remarkable? Are you going to get your share of it? If you don't it is your own fault; for there's surely no prejudice in oil. Not only have we this very valuable lease in Burkburnett Oil Fields, but we also have some valuable holdings in Anderson Co., Texas, Oklahoma and Kansas. Our stockholders share equally in all properties and income.

THE WORLD WONDER OIL AND GAS CO.

1518 E 15TH ST., KANSAS CITY, MO.

The Largest Oil Company In The World Owned Exclusively by Negroes.

Buy your Stock now, to-morrow may be too late. We do not sell less than 10 shares to one person. We accept Liberty Bonds as cash.

Do you wonder why so many people of the white race ride up and down the streets in the very finest of automobiles and live in the finest of homes, with us as their servants, and all the luxuries of life? It's because they invest their money. They take a chance. We can do the same, if we will get behind our race enterprises and in a Negro company, where you will get a square deal. See who is behind this company.
